

DEAD BEFORE I DIE

I don't wanna be here alone.

I'm a danger to myself on my own.

Feel him creeping up inside,

feeling cornered in my mind, oh no.

He says just enjoy the ride, you'll be dead before I die.

Oh, why...

All I want is a kind word, from you.

Something like I love you, would do.

But it's beggar on a throne always clown wearing a crown.

You are never on my side, you're the hate behind my eyes.

He says just enjoy the ride, you'll be dead before I die.

So sit back enjoy the ride, you'll be dead before I die.

Just sit back enjoy the ride, you'll be dead before I...

So sit back enjoy the ride, you'll be dead before I die.
